Ways to Save on Healthcare

We know healthcare can be expensive, so American Greetings offers programs from UnitedHealthcare to help you save money. Use these tips, tools and programs to cut down on costs.

Save on Medications

- Go to **whyuhc.com/amgreetings** to see coverage and compare costs.
- Ask your doctor or pharmacy to fill a generic prescription.
- Fill maintenance medications with a 90-day supply through OptumRx mail order or at a local Walgreens pharmacy.
- Try apps such as GoodRx to compare costs at local pharmacies.
- Strive to be healthy and eliminate certain medications.

Shop Around for Care

Go to **myuhc.com** or download the mobile app for online tools.

- Go to Premium Providers for better health outcomes and lower costs for online tools.
- Use freestanding/independent labs and imaging centers (CT scans, MRI, etc.) to save money. Hospital-based facilities cost more.
- Estimate costs in advance, and find the best-value provider for common procedures and conditions.
- Consider a virtual visit for common health concerns — no appointment needed and less expensive.

Choose Providers Wisely

The overall network of UnitedHealthcare providers is vast, but certain vetted providers offer the best value.

Tier 1 - Premium Provider Program

Tier 1 Premium Providers are in-network physicians that have been specially evaluated on two criteria: quality and efficiency of care.

Look for the Tier 1 blue dot when searching for a doctor. You may also see the double heart icon for Premium Providers.

Preferred Facilities

Look for these icons to find preferred labs and freestanding imaging centers (CT scans, MRI, etc.). Hospital-based facilities cost more.

Earn Dollars in Your HRA or HSA

Complete simple activities in the Rally Wellness Rewards program and American Greetings will deposit money in your HSA (Consumer and Enhanced Consumer Plans) or HRA (Traditional Plan) — up to \$550, and your spouse (if enrolled) can earn up to \$430.

For full program details and to sign up, see page 10.

Kaiser Permanente and Cigna International members are not eligible for this program.

Don't Vape or Use Tobacco

If you quit these unhealthy habits, you can save money on your premium rate — between **\$1,620 and \$3,240** per year, depending on your level of coverage.

Free Quit For Life program. Need help quitting? Call AGBenefits Advisor at 800-397-9249 for information.

Flexible Spending Account (FSA)

An FSA is an easy way to set aside pretax money to pay for healthcare or dependent care expenses.

You decide the amount you'd like to save for the year, and the money is deducted (before taxes) from your paycheck each pay period. Plan your contributions carefully — this is a “use it or lose it” account.

Residents of Puerto Rico are not eligible for a flexible spending account (FSA).

General Purpose FSA <small>(not available if you're contributing to an HSA)</small>	Limited Purpose FSA <small>(available if you're contributing to an HSA)</small>	Dependent Care FSA

401(k) Retirement Savings Plan

Eligible associates are automatically enrolled and 100% vested in the 401(k). American Greetings will match your contributions. It's a great way to set aside money for retirement.

How the 401(k) Benefits You

- **American Greetings contributes.** Every pay period, American Greetings matches \$1 for every \$1 you put in, up to 6% of your eligible pay (up to IRS limits).
- **Diversify your portfolio.** Your contributions can be deducted from your paycheck; 1) before taxes, so your taxable income is reduced, and/or 2) after taxes (Roth). This diversifies your investments.
- **You control your money.**
 - Contribute between 1 and 50% of your eligible compensation, up to IRS limits.
 - Choose which eligible compensation (bonus and/or non-bonus) is deferred toward those contributions.
 - Change your contribution amount anytime.
 - Choose the funds you're investing in.

It's Convenient and Automatic

As a new hire or newly eligible associate, you're automatically enrolled at a pretax contribution rate of 6% of your eligible pay. Then, after a year in the plan, your contribution will automatically increase one percentage point each June until you reach 15%.

You can change your contribution rate anytime.
