Tips for using your health plan

General Tips

- Choose a network primary care physician
- Schedule your preventive care with your physician. This is covered at no cost to you as long as you use network providers.
- Avoid out-of-network providers when possible as their costs are higher and you can be balance billed.
- Register for **myuhc.com** to track expenses, find participating providers, and get health care estimates
- UnitedHealthcare's Nurseline is available 24/7 at no cost and can assist in providing guidance to the most appropriate care. 24/7 Virtual Visits are also a great option that are less expensive than urgent care or emergency room and allows you to access care from the comfort of your home for treatment of minor issues.

Triple Choice Plan

- Choose a Tier 1 primary care physician
- If you are referred to a specialist, check with UnitedHealthcare to ensure the specialist is Tier 1 to have the lowest out of pocket cost
- Open a health care flexible spending account (FSA) to help pay for your medical, dental and vision expenses
- Your FSA is funded with pre-tax dollars so you automatically save on taxes. Make sure to use all the money you've contributed to your FSA so you don't lose it.

Discover what's in your plan

Look closer at what's covered in your UnitedHealthcare **Triple Choice Plan**.

Triple Choice Plan

- You'll first have a deductible to meet before your plan will start to pay. Then you'll be responsible for copays for most services.²
- Don't forget your preventive care is 100% covered when received in the network
- With the UnitedHealthcare Triple Choice plan, you'll have network coverage with our nationwide Tier 1 and Tier 2 network, so you're covered wherever you travel
- Our Tier 1 providers meet quality standards and deliver the greatest value in health care. And with the UnitedHealthcare Triple Choice plan, all network hospitals, urgent cares, labs, radiology facilities, medical equipment providers, mental health providers and surgical facilities are considered Tier 1.
- You have out-of-network coverage, but those providers will likely charge you more and you will be responsible for making sure your claim is filed
