

# Discover what you can do with OptumRx<sup>®</sup> home delivery and Walgreens<sup>®</sup>

OptumRx home delivery and Walgreens help you better manage medications you take on a regular basis.

## How the OptumRx Walgreens90 program works

If you are taking maintenance medication on a regular basis, your pharmacy benefit plan requires you to use OptumRx home delivery or a Walgreens retail pharmacy.

Your plan only covers a limited number of maintenance medication refills from a retail pharmacy.

After your allowed fills, **you must choose to fill your prescription through OptumRx home delivery or a Walgreens retail pharmacy** or you will pay the full price for your medication.

Whether you have a new prescription or need to transfer an existing prescription, it's easy to get started.
